He is Opposed to Woodruff for Governor and Favors the Nomination of Higgins Other Candidates Named Are Hamilton Fish and Francis Hendricks.

SARATOGA, Sept. 10,-Governor-Chairman Odell arrived here at 9 o'clock to-night on the same train which brought Senator Platt. The Governor-Chairman left New York at noon, accompanied by his two principal wardmen, Representative Lucius N. Littauer and ex-Representative William L. Ward. The Governor-Chairman, however, dropped off at Albany for the purpose of awaiting the train which bore Senator Platt and coming on from Albany to Saratoga with the Senator, but Senator Platt's train was late and Odell came on ahead. One of the Governor-Chairman's satellites said of this performance: The Governor is to hypnotize the Senator

Senator Platt has spoken pretty strongly for Timothy L. Woodruff for Governor, and yet Mr. Woodruff's friends for nearly a week have been doubtful if Senator Platt would stick to him, especially after Governor-Chairman Odell tackled the Senator. It is the Governor-Chairman's boast: I have more influence with Senator Platt

Fatt would stick to him, especially after deverance that trackied the Sensor. It is the Governor-Chairman's boast: I have more influence with Senator Plat and can do more with him than any man in the party.' The Governor-chairman disopseed to Woodruff for Governor and shows the monitation of Leut-Gov. Frant W. Higgins a man of the strictest probley, doesn't watch out the Odell Dight will be put upon him. It is violating or confidence to say that Mr. Higgins was the situation when he issued his statement in Syracuse the other days to the effect that he was not and would not be the candidate for Governor of a faction of the Republican party. Senator Platt didn't care to say anything of particular import to-night. He only reiterated that in his opinion Mr. Woodruff some fine that the early evening conferring with John J. Brown of White plains, who paid his fare to Saratoga, and William Barnes, Jr., chairman of the executive committee of the State committee. Mr. Brown was formerly a resident of Newsurg and he and the Governor-Chairman was insome folks imagine. Odell, Ward and have been on the closest terms of intimacy for many years. Many Republicans of siscernment declare that Brown is the real bas of Westchester country and that Ward is merely his chief henchman.

Anyway, there is a closer bond between the Governor-Chairman and Brown thas one folks imagine. Odell, Ward and Littauer all talked of the strength of Mr. Higgins as a candidate, Barnes was rather non-committal, although known to butterly friendly to Mr. Higgins, and John T. Mott, Republican leader of Osvego, and James S. Whipple of Cataragus, the home country of Higgins, was dofined to highly make the case with the content between the Governor-Chairman and Brown thas one folks imagine. Odell, Ward and Littauer all talked of the strength of Mr. Higgins is the name who should be nominated to Governor.

Mr. Whipple a few days ago, had a long talk higgins as a candidate, Bargins, and John T. Mott, Republican leader of Osvego, and James S. Whipple of Catarag

will be nominated, and in that event Hamilton Fish may be nominated. Some others spoke up in firm tones to-night concerning Francis Hendricks of Syracuse, who is considered to be one of the brainiest and most upright Republicans in the State, and one who, it has been often declared, should have been nominated for Governor long

Mr. Hendricks, it was very generally asserted, stands in his own shoe leather every moment he is awake. Mr. Fish has had many talks with Governor-Chairman Odell of late at Monmouth Beach, but it is a matter of fact that the Governor-Chairman distrusts Mr. Fish jest as much as he distrusts Mr. Woodruff. He is fearful that either Fish or Woodruff would dethrone him as State leader and turn out to be as treacherous to him as he was to Platt.

One of Mr. Fish's friends said to-night: "Odell's first act of disloyalty to Platt was discovered by Fish when he was Speaker of the Assembly. Odell was chairman of the executive committee of the State committee, put there by Platt, and he knew that Platt was bound up heart and soul in the passage at Albany of the Greater New York charter. Odell turned up at the Kenmore at Albany one morning for breakfast and at the table were some of Fish's friends. Odell denounced the Greater New York charter, declared that it ought not to pass, and somehow all this got into the New York city newspapers.

"Platt sent for Odell to come of the Fifth Avenue Hotel and demanded an explanation. Odell humbly explained that he bad only given voice to a few personal epinions, that he was surprised to see them printed, and since then Odell has always believed that Fish's friends gave out the talk at that Kenmore breakfast table to the newspapers.

Ex-Gov. Frank S. Black, Louis F. Payn, George W. Aldridge, Senator George R. Malby and others close to the Governor-Chairman will oppose, it is asserted, any compromise looking to Mr. Fish's nomination, and it is the free opinion expressed by the Odellites that a situation will arise by which Mr. Higgins will not believe that he "the candidate of a faction of the party" and that he will be nominated. The great and that he will be nominated. The great Republican party of the State, it was fur-thermore said to-night, is under the control of the Tapeworm Club, a majority of whose members are resourceful and remorseless in the pursuit of public and private graft. "The party in the State," said a brainy Republican, "the party of Weed, Greeley, Fenton, Conkling and Platt, is in the hands of the Tapeworm Club, whose principal members are Odell, Littauer, Ward, Hooker and Sherman. There are several admirable and Sherman. There are several admirable members of the club, but they were thrown

members of the club, but they were thrown in as rose leaves are sometimes used to cover an unhappy message.

The Tapeworners at Ward's clambake on Shell Island a week ago started in to defeat Woodruff's nomination by insisting that he was the bigwig in the Typewriter and Salt trusts. Mr. Woodruff, to offset these statements, has declared that his salt company is the only independent company in the country, and that his typewriter company is not a trust. The Tapewormers, however, renewed the attack on Woodruff to-night. These Tapewormers rely upon three things to influence the delegates not yet in the Odell camp.

"Several of the Tapewormers assert that it was in Syracuse that Mr. Woodruff secured the acquaintance of the farmers, which has led to the loud trumpeting of his popularity outside of the city of Brook-

lyn. It was Syracuse also that bore the brunt of the attack of the salt industries of the nation made by the Salt Trust, of which Mr. Woodruff's father was the organizer and chief promoter. Syracuse was the city for which Mr. Woodruff promised so many things when he, in turn, became the head of the Typewriter Trust, and in Syracuse also Mr. Woodruff had his first encounter with the labor unions.

"Two years ago Mr. Woodruff's popularity in Syracuse was at its heighth. As president of the State Fair he had done much to bring himself and the fair into prominence. He was even then making promises which, had they been redeemed, would have made up for Syracuse in the increased business of making typewriters what it had lost by the sacrifice of its salt industries. Syracuse was formerly convinced that with no one but Mr. Woodruff could the State Fair be made a success. Mr. Woodruff had brought Wu Ting fang there.

"He had induced a number of his swell"

and then for Higgins. Inese facts are in possession of Gov. Odell.

"They are to be used here in convincing delegates that Mr. Woodruff's trust connections are fully as dangerous as the trust connections of George R. Sheldon were when, through Mr. Woodruff, he was prevented from being placed on the ticket two years ago. Mr. Woodruff has frequently boasted to friends that without his efforts Gov. Odell would never have been able to have induced Senator Platt to change his mind in regard to Mr. Sheldon's nominahave induced Senator Platt to change his mind in regard to Mr. Sheldon's nomina-tion and those who remember how hard he worked at Saratoga to defeat Mr. Sheldon will believe that there is a poetic, if not an actual, justice, in the methods which it is proposed to use to defeat Mr. Woodruff's own ambitions."

own ambitions."

Mr. Woodruff, accompanied by Uncle Mr. Woodruff, accompanied by Uncle William Berri, arrived late to-night, and they, with Louis F. Payn, Robert C. Morris and Lemuel E. Quigg, talked with Senator Platt all the way from New York on Woodruff's chances. It was said that Mr. Woodruff, besides his 132 delegates from Kings county, will have a goodly number from New York county. Some even went so far as to say that Woodruff will have eighty of the 187 delegates in the latter county. As a matter of fact the Woodruffites are in high feather to-night and assert that Republicans alleged to be in the Odell cam are really in the Platt-Woodruff neck of the woods.

are really in the Platt-Woodruff neck of the woods.

Mr. Woodruff had nothing to say save to reiterate that he was willing to take his chances and abide by the result, provided always that the compact for an open convention is rigidly adhered to. Mr. Woodruff, it was said, has been in consultation, within the last few days, with the powerful up-State Republicans who have heretofore been considered close to Governor-Chairman Odell, with the interesting conclusion that the Governor-Chairman may learn of a surprise. Mr. Higgins is to arrive Monday night.

ADLER TO RUN FOR CONGRESS. He'll Try to Beat Goldfogle in "De Ate." Where All Is Not Peace.

It was announced yesterday that Charles Adler, who beat the Sullivans and the S. Adler, who beat the Suntvals and the Engels seven times in succession in "de Ate," will be a candidate for Congress this year against Congressman Goldfogle, and that Louis Friedel will run for Assembly against the Hon. Florrie Sullivan's can-

didate.

There is much dissatisfaction in "de Ate" among the Tammany Hall faithful over the small patronage which the district has received from the present administration.

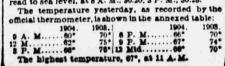

Friedel said yesterday that ten of the leading workers in the Hon. Florrie's ranks had deserted him and joined the Republican organization, and that within a month there would be twice as many more.

#### PARKER'S SECRETARY SAYS NO

THE JUDGE WON'T COME HERE TO MANAGE THE CAMPAIGN.

He Says the Committees Are Doing the Work Intelligently and Effectively -Ridder and Lamont Discuss With the Judge the Canvass in Doubtful States

Esopus, Sept. 10 .- Cries from the Hoffman House for the presence of Candidate Parker may some day be successful, but no immediately. These screams for guidance reechoed in this morning's newspapers had the effect of extracting what amount to a personal statement from the Judge His secretary, Mr. McCausland, said:

"The stories to the effect that Judge Parker is to go to New York to take personal charge of the canvass or to assist the com mittee in its conduct of the campaign or that he is dissatisfied with the work of either the national or State committee are untrue He is gratified with the efforts of both the committees. He believes the members of all of them are working intelligently ment in Onondaga county is first for Root and then for Higgins. These facts are in possession of Gov. Odell.

harmoniously and effectively, and that they are wise in not telling about it. The Judge has thought of going to New York for a day has thought of going to New York for a day or two after the publication of his letter of acceptance, but he may not do ever that.'

That, of course, amounts to a warning to all good Democrats to stop wetting the Hoffman House mosaic with their tears and to believe that things are getting along perfectly grand. When William F Sheehan got here to-day he said it was for a night's rest. Now that the candidate has spoken, Mr. Sheehan ought not further be kept awake by the moans of the dis satisfied. Judge Parker probably will go to New York, although he has not made up his mind about it, but he does not wish it thought that he is going there to monkey with the wheels.

The candidate has not yet yielded or shown an inclination to yield to the calls for speeches, though the Hofiman House folk are wailing that he s got to show himself if he are wailing that he s got to show himself if he expects to carry any of the doubtful States. They all argue that the Judge's pleasing personality would win a lot of votes. One of the men who believes that Judge Parker has got to get busy is Herman Ridder, editor of the New York Staats-Zeitung, who called on the candidate this evening. Mr. Ridder is a politician, not of the Hill-Parker school. He doesn't mask his batteries. He thinks the way to win a fight is to get up and sorap, and to-day he

nis batteries. He thinks the way to win a fight is to get up and scrap, and to-day he suggested to the Judge that a few speeches in big cities would not be undignified and would do a lot of good.

That talk was only incidental to the real purpose of Mr. Ridder's visit, which was to discuss a canvass of the doubtful States, with especial relation to the German week, with especial relation to the German week. to discuss a canvass of the doubtful States, with especial relation to the German vote. This was a job which Mr. Ridder handled for Cleveland in 1892. The independent vote of the country is reckoned to be half German, and Mr. Ridder knows where it lies and the best way to get at it. He will supervise the canvass in New York, New Jersey, Connecticut, Wisconsin, Indiana and Illinois. I ach of the so-called doubtful States has a big German vote, with Wisconsin particularly important. Imperialism will be painted in a way to make the German-born voter shudder and the the German-born voter shudder and

the German-born voter shudder and the horrors of a big budget will be pointed out. Mr. Ridder knows all the ropes.

Col. Daniel S. Lamont, summoned by Judge Parker for political advice, arrived at Rosemount this morning and returned to his home at Millbrook this afternoon. It is supposed that he was called on to decide the methods to be used in the doubtful States of the West.

"The Governorship was not discussed," said Col. Lamont. "I am still for Charles W. Goodyear of Buffalo. Edward M. Shepard is a good man, too."

Eefore Col. Lamont's departure, William F. Sheehan arrived, looking happy. He and

Before Col. Lamont's departure, William F. Sheehan arrived, looking happy. He and Judge Parker had a confab which lasted until after dinner. Mr. Sheehan said the campaign is yet very young and that it would be folly to expect large, visible results so early as this. The Democracy is organized, he said, and united.

results so early as this. The Democracy is organized, he said, and united.

Another personally conducted tour of reformed Republicans, unreformer reformers and militant Mugwumps was pulled off to-day. The party included Gen. John Robert Avery of Brooklyn and B. Allaire Shortt, E. M. Davison, Julius J. Frank and James W. Pryor of New York.

The scheme, as has already been expected, is to bring the wavering Mugwump or Republican to Rosemount for the magic handshake, the bright smile and the winning word. If one has black mutton chop whiskers the tour includes a seat in a parlor car. If the subject is converted he is taken out to see the cattle. It is not recorded that there has been a single failure to convert. Tourists go away chanting about "safe, sane and conservative constitutionality."

NEGROES FOR ROOSEVELT. J. Milton Turner, a Negro Democrat, Says They Have No Other Choice.

WASHINGTON, Sept. 10.-Judson W. Lyons Washington, Sept. 10.—Judson W. Lyons, the Register of the Treasury, has received a letter from J. He says that so long as Democratic statesmen insist that the manhood right of the negro is the paramount political issue to be discussed, voted on and settled coequally with the tariff, finance, expansion, &c., that class can have no political choice but to cling to the Republican party and its manifest destiny.
